

HG

GROUT CLEANER

a highly concentrated alkaline cleaning agent with special cleaning characteristics for cleaning grouting inbetween ceramic, quarry tile, slate and brick.

APPLICATION

Suitable on any grouting inbetween ceramic tile, quarry tile, porcelain tile, slate, brick, most granites, but NOT for marbles.

DIRECTIONS FOR USE

Read instructions completely before starting the cleaning. Sweep surface completely. Dilute HG Grout Cleaner 1:4 with clean lukewarm water, spread liberally over surface to be cleaned. Allow to activate for 10 minutes before scrubbing with brush. Quickly rinse with clean water, and dry-mop the surface, or use a wet-vacuum cleaner. Repeat if necessary.
